

REV2024

Sponsor & Exhibitor Information

October 16 & 17 | DoubleTree Hotel by Hilton | South Burlington, VT

Annual REV Conference

A Must-Attend Event for Renewable Energy Professionals

For over 20 years, the annual REV conference has been *the* place in the region to network and learn about innovations in renewable energy policy, technology, and implementation.

Annually, the event attracts hundreds of business leaders, policymakers, regulators, academics, and community organizers from throughout New England to build a path to a 100% renewable energy future. The two-day event highlights New England's leadership role in achieving an equitable, integrated, total renewable energy infrastructure addressing electricity, heating, and transportation needs.

“

The conference was excellent—I learned a lot in the panel sessions I attended, and was very gratified to see the focus on involving youth as speakers and participants.

REV and the REV Conference are high on the list of things that give me hope.

An excellent variety of expertise and meaningful content was discussed.

You all do an amazing job. Very well organized. Clear & timely communication. Well facilitated. Relevant & engaging discussions.

Exhibitor Information

Exhibiting at REV2024 comes with a 6 ft x 30 in table in the halls of the venue, 1 complimentary all-access, two-day registration, and high visibility among hundreds of renewable energy professionals
